Designed by: Chirag Rana (Director of User Experience)
Last updated: 06/04/2010

Gamorama - Download Manager

SUMMARY:

To architecture and design Gamorama Download Manager client software and synchronize Gamorama user account with it.

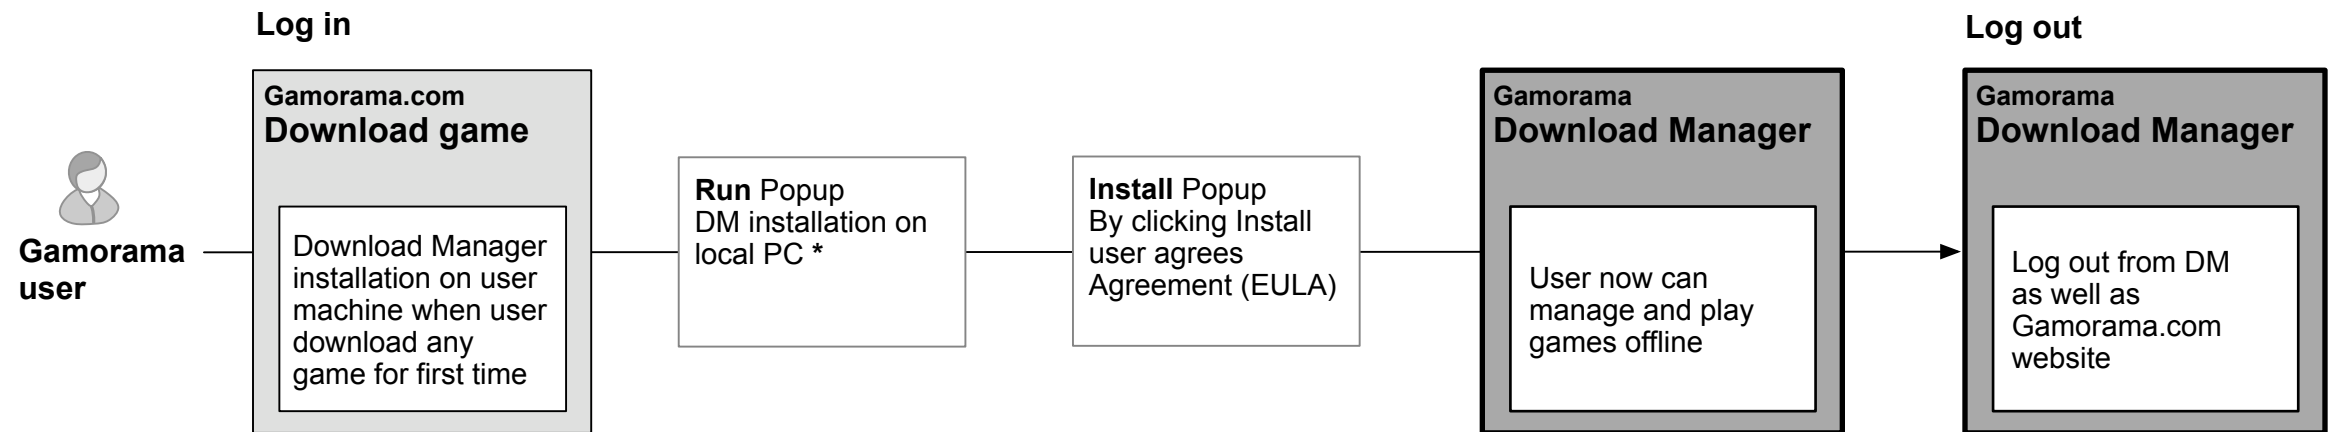

OBJECTIVE:

- To improve engagement and usability for user account page
- To synchronize Gamorama My Account section with Download Manager and make it efficient and user friendly.

DELIVERABLES:

- Proposed design solution with Information Architecture, wireframe and visual design

Flow: Installation

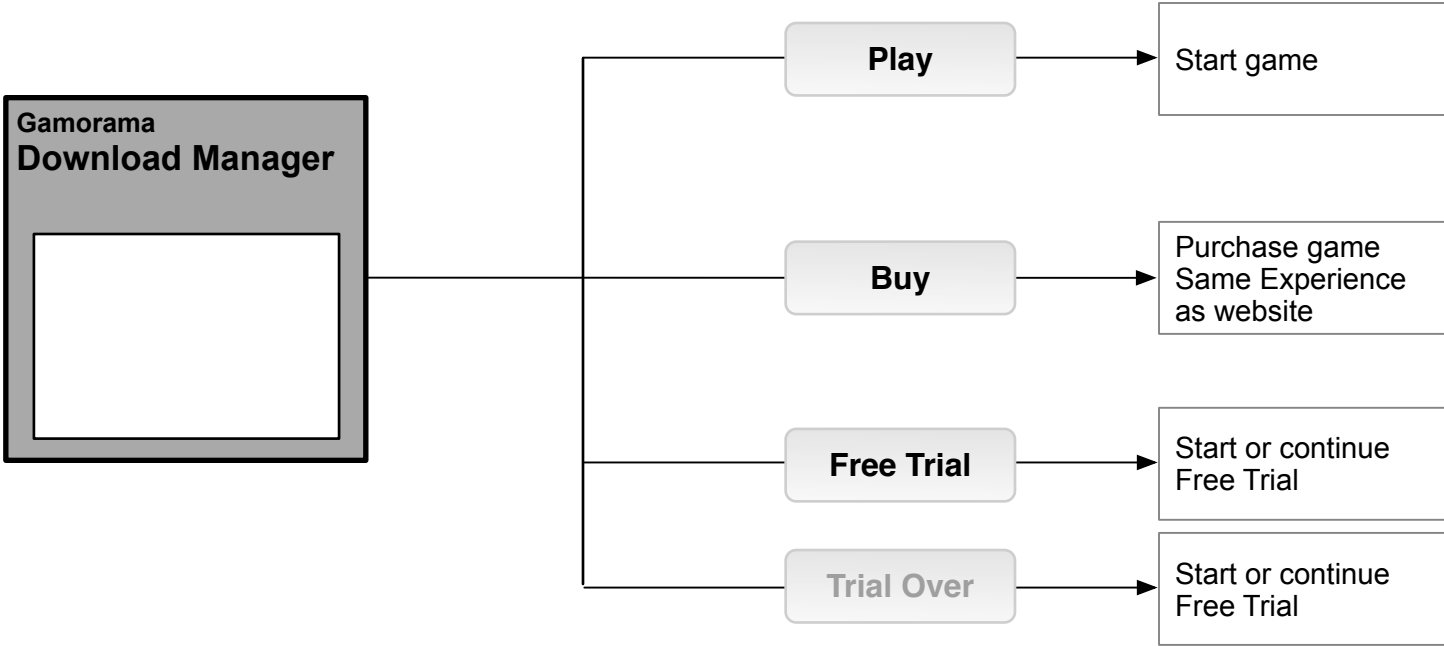

concepts

Sync log in/Log out process **IF** technically possible.
(User automatically logs out from Gamorama.com once logs out from DM)

Sync user account information from Gamorama database everytime user logs in

* All downloaded games should save in My Documents > My Games folder by default

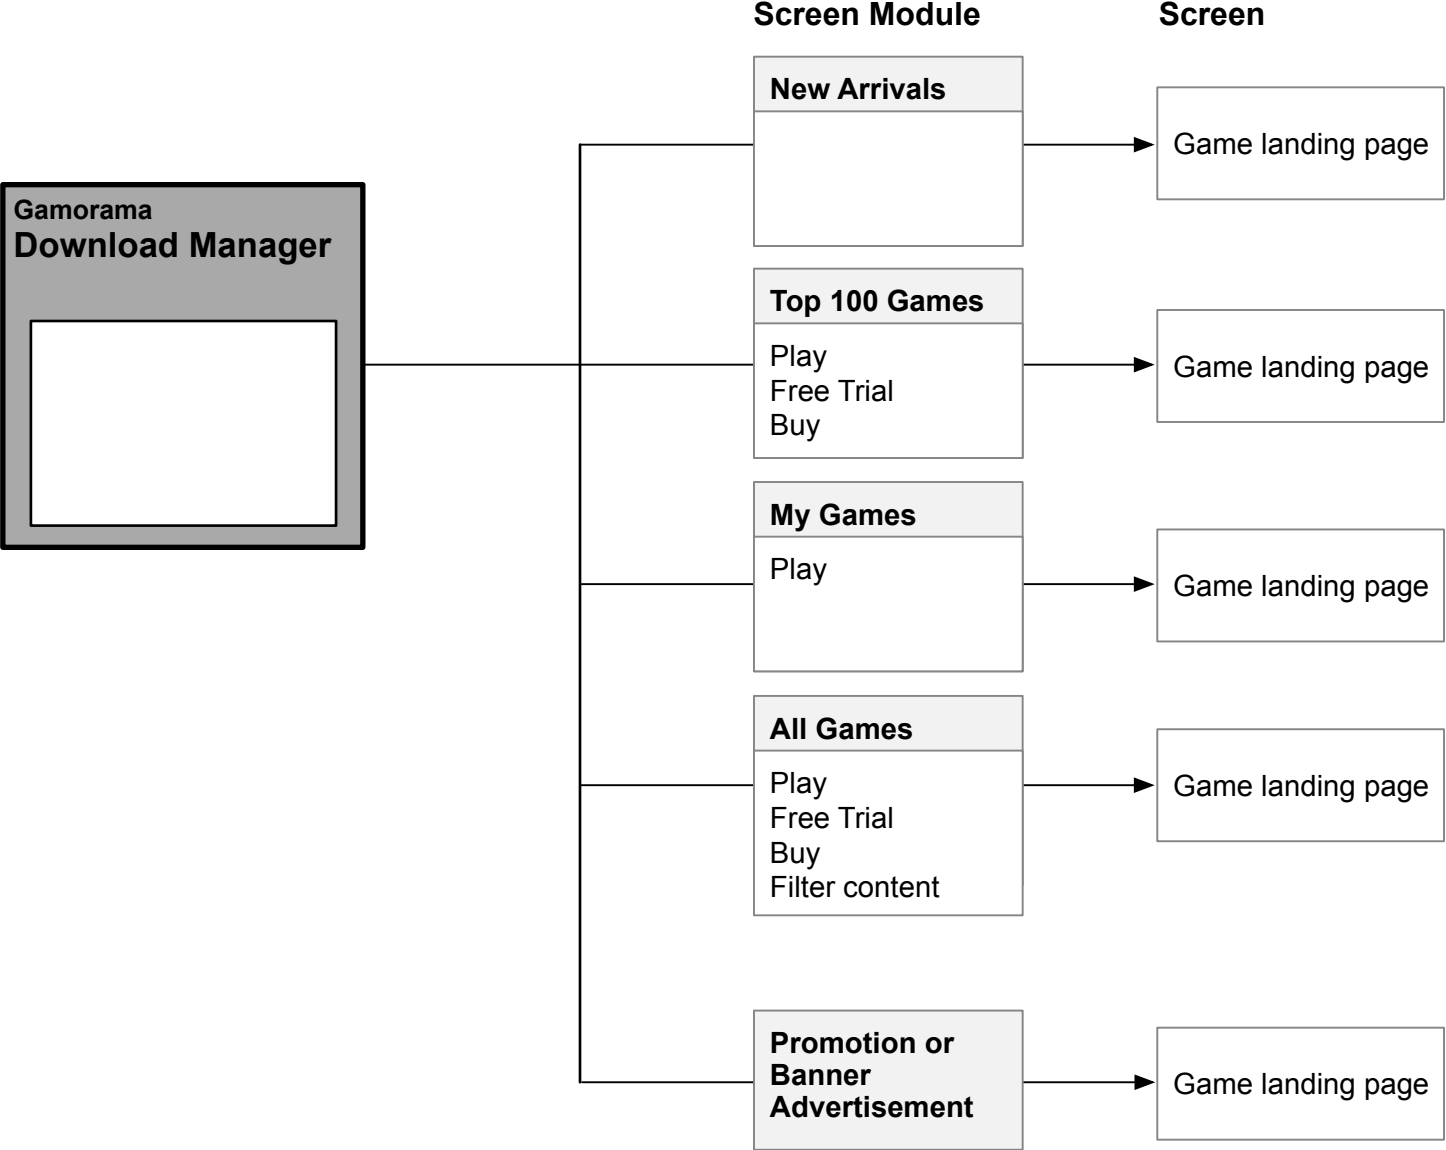

Flow: Based on Button Actions

Button Action Description

Play	onClick - Starts the game. Appears with the game user already purchased	} Appears without Buy or Trial buttons
Buy	onClick - Starts the purchase process. Experience is same as website	
Free Trial	onClick - Starts downloading game	} Appears together without Play button
Trial Over	Not Clickable - Appears once the game trial period is over	

Flow: Based on Screen Modules
